Save Ukraine - Save the world!

After Russia invaded Ukraine on February 24, 2022, millions of people suffered - especially children, who lost their homes, families, and peace but continue to dream of a better, peaceful future.

Save Ukraine – Save the world!

**Overnight, our peaceful cities became battlefields.
Families were torn apart. Schools turned into shelters.**

District Conference of D2820 in 2022, Governor Dr. Kazuo Arai proposed the creation of a project to protect and empower the children of Ukraine, and together we made this idea a reality.

Rotary friendship between Ukraine and Japan gave children not only help - it gave them hope.

The project is implemented by Rotary Club Lutsk Volyn Pride (Rotary District D2232, Ukraine) with the support of Rotary District D2820, Japan for 5 Rotary year period.

Rotary. Empowering Youth. Peacebuilding.

At the beginning, we focused on those who suffered the most - orphans and young girls who had lost their parents.

Who We Serve

Participants of our school are:

- Children from low-income families
- Children displaced by the war
- Children of military personnel
- Gifted and motivated youth

Ages: 10 to 17

We support young Ukrainians affected by the war - helping them grow as future leaders who choose hope over despair.

Our Vision

Thanks to our Rotary project, the «Create Yourself!» Leadership School, these children will become:

- Interactors
- Rotaractors
- Community Leaders

We simply must believe in them. We must give them the opportunity to grow, lead, and thrive, even during the hardships of war.

Together with Rotarians in Japan, we proved that Rotary's compassion knows no borders.

**When the war began,
Rotarians from Japan reached out with open hearts.**

**They sent not only humanitarian aid - but also
hope, friendship, and faith in the future.**

**Rotary builds peace through empowered youth.
The seeds we plant today will grow into the leaders of
tomorrow**

Thanks to Rotary, Japan has become closer to us –
we have found in Japan a true friend.

That is why we supported a scholarship project for young victims of the Noto Peninsula earthquake.

“Invest in a teenager who will change the future of Ukraine and the world — and become a Rotarian!”

This was our heartfelt message to our Rotary friends in Japan.

We are truly grateful to Rotarians in Japan!
